## Torbay Acupuncture Centre *NEWS*

### **Torbay Acupuncture Centre's New Website**

We have just launched our new website at <http://torbay-acupuncture-centre.co.uk/>

Please take a look and let us know what you think?

Thanks Rachel

### **Farewell to the Fountain and many thanks**

The beginning of August marks a new chapter for Torbay Acupuncture Centre as all clinics have now moved to our own beautiful customised premises in St. Marychurch. 105 Fore Street offer ground floor level treatment rooms that are used exclusively for acupuncture. People tell us it has an 'wonderful atmosphere of peace and healing' which we are very proud of. A new and highly proficient practitioner, Wendy Morrison has taken over the practise in Teignmouth so that low cost acupuncture is still available to anyone in the area who is unable to travel. I am very grateful to her as this means that I am now able to consolidate my efforts closer to home and open 105 for another day to the residents of Torbay. I have enjoyed my time in Teignmouth and would like to thank all the patients and staff at the Fountain who have made that so, as well as the supportive GP's who have been happy to refer. I wish Wendy and the Fountain team all the best and look forward to all the good work acupuncture can do with anticipation...

### **Torbay Acupuncture Centre rejoins the British Acupuncture Council**

Affordable multi-bed acupuncture is very important to me. I have seen the difference acupuncture treatment can make to peoples lives and I want that to be something that is accessible to the majority, not just a select few. However, I am also keen to show that due to its unique set up, with multi bed acupuncture, paying less does not have to equate to getting less. To that aim it has been my ambition for some time to rejoin the [British Acupuncture Council](#) (BAC). The BAC are the national governing body of acupuncturist and as such maintain the gold standard of both acupuncture training and practise. As you would imagine, their entry procedure was rigorous but as of 1st June 2014, Torbay Acupuncture Centre has become a fully signed up member. For our patients this means that they can be assured that the treatment they will receive with us is of the highest professional standard. As acupuncture becomes more widely recognised and integrated into the NHS we feel it is important to stand behind our regulatory bodies in order to safe guard both professional standards and you the public.

### **Torbay Acupuncture Centre opens a new multi-bed acupuncture centre in St. Marychurch Torquay.**

Due to increasing demand, Torbay Acupuncture Centre has moved to its own premises in St. Marychurch, Torquay. With easy ground floor access, this two level venue is perfectly located right opposite Brunel Doctors Surgery, at the top of the precinct, and it has ample free parking around the clinic.

Rachel Geary (proprietor & practitioner) has been practising acupuncture since 2002. Her first multi-bed acupuncture centre in the bay was opened in 2010 in Herbs & Honey health shop.

### **Affordable Acupuncture for all the family**

Multi-bed acupuncture allows the practitioner to treat several patients at once and means that prices can be significantly reduced. Initial consultation and treatment cost £25 and subsequent treatments are only £15.

This arrangement is proving to be a successful formula for all concerned, particularly the patients, who report that they really enjoy having their own quiet time in which to relax.

"For my part I am really happy to be able to help more people improve their lives and feel better. I strongly believe acupuncture can make a difference to everyone's health and well-being." says Rachel

"Its great that we found a suitable property in here in St. Marychurch. It's a unique area, and we hope that people who travel from further afield can spend time here, and use all the lovely shops and facilities we're so lucky to have. Lots of people who come for treatment comment on what a great atmosphere there is in the precinct."

Why not take advantage of this affordable clinic and see how well acupuncture can make you feel? For bookings please telephone 01803 414988 or go to visit [www.torbayacupuncture.co.uk](http://www.torbayacupuncture.co.uk) for more information.

**Free Multibed Acupuncture Treatment Competition. Available from Torbay Acupuncture Centres multibed acupuncture clinics; Torquay & Teignmouth during January & February 2011.**

#### **Multibed Acupuncture Gift Vouchers**

During the months of December & January, Torbay Acupuncture Centre is giving away hundreds of £5 Gift Vouchers

"Multibed Acupuncture is proving to be a big hit for all concerned. Patients report that they really enjoy the unique experience of this type of treatment. The multibed set up allows each individual their own quiet time in which to relax. Results also suggest that this helps patients reap the full benefits of acupuncture as success rates are improving all the time. For my part I am really enjoying being able to help more people improve their lives and feel better. Acupuncture constantly amazes me, and I feel lucky to have found a way to share it with even more people." Rachel Geary

To celebrate the success of the two clinics in St. Marychurch and Teignmouth, Torbay Acupuncture Centre would like to give you the opportunity to try it for yourself or pass the experience on to a friend.

#### **New Multibed Acupuncture Clinic for Teignmouth**

On Tuesday afternoons, multi-bed acupuncture is available with Rachel Geary. Multi-bed acupuncture allows the practitioner to treat several patients at once and means that prices can be significantly reduced. Initial

consultations cost £25 and subsequent treatments are only £15. The first in depth consultation is always conducted in private.

Rachel says "Practising in this way has always appealed to me. I know that acupuncture can have a positive impact on everyone's health and well-being and I want to make it available to as many people as possible." Private appointments are also available.

For more information check out the website [www.torbayacupuncture.co.uk](http://www.torbayacupuncture.co.uk) or ring Rachel on 01803 414988

### **Affordable Acupuncture**

Following the success of its first clinic in St Marychurch, Torbay Acupuncture Centre has now opened a further clinic at The Fountain for Health in Teignmouth. Inspired by the way acupuncture is administered in China, these centres are part of a growing breed of multi-bed acupuncture clinics across the country. While the first in-depth consultation is conducted in private, treatment after that may take place in a group room, where screens separate the couches for privacy. This enables a practitioner to treat more patients per hour so the cost of treatment can be significantly reduced.

Rachel Geary, founder of the two centres, says: "Practising in this way has always appealed to me because it means acupuncture and all its benefits become affordable for a much wider group of people. I strongly believe acupuncture can make a difference to everyone's health and wellbeing and I want to make it possible for as many people as possible to try it. "Most people know acupuncture can be good for back problems and giving up smoking, but few realise it can actually be used to help any form of physical or psychological disorder. "Not only that, acupuncture is designed to be preventative, so as well as helping to prevent future illness, it can actually enhance health and overall wellbeing. After treatment, people report feeling positive, relaxed, at ease and invigorated."

You can try multi-bed treatments at Torbay Acupuncture Centre for as little as £15.  
Call Rachel on 01803 414988, or visit [www.torbayacupuncture.co.uk](http://www.torbayacupuncture.co.uk)

### **Herald Express Torquay January 2010**

#### **Focus on Torbay Acupuncture Centre**

MOST people know acupuncture can be good for back problems and giving up smoking, but few realise it can actually be used to help any form of physical or psychological disorder.

Not only that, acupuncture is designed to be preventative. This means that as well as helping to prevent future illness, it can actually enhance health and over all well being, making it the perfect route to a happier, healthier you. After treatment people report feeling positive, calm, relaxed, at ease and invigorated.

Acupuncture works excellently alongside western medicine but can also provide a helpful alternative to prescribed medication, for a wide range of specific conditions including Addiction, anxiety, allergies, arthritis, asthma, ADHD, back and joint pain, bereavement, bloating, depression, digestive complaints, exhaustion, fertility, hypertension, IBS, insomnia, ME, migraines, menopausal symptoms, period problems, panic attacks, sciatica, and stress. All of these great benefits just got more affordable in Torbay with the opening of the all new Torbay Acupuncture Centre, component parts of the human body, Chinese medicine took its inspiration from the outside world. Observations were made of the way in which nature functioned and these patterns and rhythms were then identified in human beings.

All of nature hangs in an intricate balance, and in the same way, each of us as human beings can attain physical and emotional equilibrium.

Why not take advantage of this affordable clinic and see how well acupuncture can make you feel? For bookings please telephone Rachel on 01803 414988.
